Description

Contemporary low profile architectural wall sconce is designed for durability and performance to withstand today's toughest environments. The D415-LED features rounded-square shape and choice of full, eyelid or grid frame lens designs. Rugged die-cast aluminum two piece, fully gasketed housing with vandalproof fasteners and impact resistant opalescent polycarbonate lens. Durable weatherproof polyester powder coat finish makes this luminaire suitable for many areas including schools, parking garages, office complexes and any other application prone to vandalism.
