Projected Lifetime

100,000+ Hours (L70)

Dimming

120V Dimming Standard

Operating Temperature

-20°C to +45°C Ambient

UL

Listed

10 Yr

Warranty
Including Labor

Description

With its low-profile design, this powerful and LED under cabinet fixture hides better than conventional under cabinet lights, producing bright dimmable white light that lasts 50 times longer than Halogen. The AGILIS features a frosted tempered glass lens that diffuses light evenly as well as a magnetic lens closure that secures the cover without clips, which can bend and break.

Features

- TemperSWITCH allows for adjustable color temperatures
- Low profile design hides better than conventional under cabinet lights
- Bright dimmable white light
- Convenient High/Low rocker switch
- LED technology lasts 50 times longer than Halogen
- Frosted tempered glass lens diffuses light evenly
- Magnetic lens closure secures cover without clips that can bend or break.
- Full length reflector optimizes light output
- Tool-free access to wiring compartment
- Easy installation
- Regular 120V line voltage dimming
- For more features see page 2
